

Moving to and Through High School Transition and into Adulthood

The transition from High School into adult life can be an exciting time; there are so many choices to be made. This workshop begins with a look at how transition is addressed in the IEP. It then covers the choice of college, or employment and career options. These could include Social Security work incentive programs, Vocational Rehabilitation and the Ticket to Work program.

This workshop would be most helpful for parents of students age 15 to 21, and the professionals who work with them.
