

“Writing IEP Goals: Are Your Child’s Goals Adequate and Appropriate?”

Writing goals and objectives can be one of the most confusing aspects of the IEP. How do you know if your child’s IEP goals meet their needs? We will talk about the importance of an accurate Present Level of Academic Achievement and Functional Performance statement, the connection to the general education curriculum, and components of Annual Goals. We’ll raise the questions of what is realistic and what is relevant. What should be included in a goal and is it measurable? Increase your opportunity to actively participate in your child’s IEP by attending this training.
