

## “Skills for Effective Parent Advocacy”

This curriculum was developed to help parents be an effective advocate for their child. While professionals have knowledge in a certain area, parents have a lifelong relationship with their child and they are the “expert” on their child. This training will explore what it means to be an advocate and the skills that are needed to be effective. A curriculum created by the National Family Advocacy Support and Training (FAST) Project, a project of PACER Center: [fastfamilysupport.org](http://fastfamilysupport.org)
