

# Providence Swindells Resource Center 2012 Community Education

## Are You Talking To Me?

### What to Do When the Words Don't Make Sense: Understanding Auditory Processing Disorders

Please join us as Patricia Pieper, Au.D., pediatric audiologist at Providence Neurodevelopmental Center for Children, discusses auditory processing disorders in children. Her presentation is designed for parents, caregivers, educators and health care providers.

Patti will talk about the diagnosis and treatment of auditory processing disorders and will share practical ways to help children who struggle with this communication disorder.

Join us to learn:

- What auditory processing is and why it's important
- Signs that a child may have an auditory processing disorder
- How these disorders are diagnosed and treated

**Tuesday, Feb. 21**

**6:30 - 8 p.m.**

**Providence Cancer Center Amphitheater  
(Next to Providence Child Center)**

**4805 NE Glisan St.  
Portland, OR 97213**

Register at [www.providence.org/classes](http://www.providence.org/classes).
